Now AIA-approved for Seminars

I am delighted to report that I have been approved by the American Institute of Architects as a provider for its Continuing Education System seminars.

Available immediately are

1. Avoiding Water Penetration
2. Movement in Clay Masonry Veneers
3. Detailing Masonry Veneers (a 1 ½ hour combination of "Water" and "Movement")
4. Cleaning New Masonry
5. Mortars for Masonry Veneers

Except for "Detailing Masonry Veneers," all are an hour long and offer one AIA Continuing Education Unit.

All that you do is schedule and feed them and I make the presentation, report attendance to AIA, and provide certificates for those who are not AIA members.

Both a listing of the seminars, including a detailed description, and my resume are attached as files.

Questions? Call 484-332-1164 or e-mail rjhpe@ptd.net.
